Normalizes sleep

Improves metabolism

Restores energy balance

Excellent results in combination with SCENAR treatment

# OLM-01 Healing Compound Blankets

OLM-01 Healing Compound Blanket is a therapeutic product made as a blanket that has shielding layers.

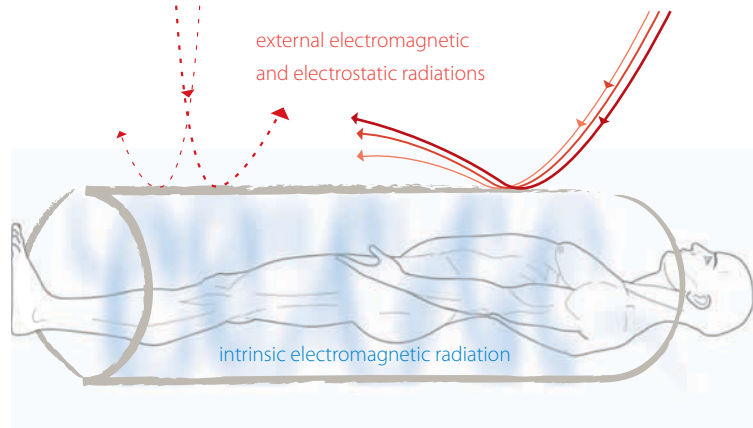

Each layer is made of one micron thick synthetic metallized film.

The shielding layer on the patient's side is intended for reflection of electromagnetic radiation in infrared and extremely high-frequency ranges.

## The blankets influencing therapeutic factors are:

- Protection of the covered body from external electromagnetic and electrostatic action;
- Reduced heat emission and normal heat exchange due to reflected heat radiation in the infrared spectrum of electromagnetic waves;
- Influencing the patient with his/her intrinsic electromagnetic radiation of extremely high frequency (the working frequency of body cells);
- Redistribution of surface electric charge on the patient.

All the above factors together improve protecting and recovery capabilities of the body, reduce pain sensitivity, normalize energy exchange, and boost the immunity and metabolism.

The OLM Blanket can be ordered in three different sizes:

small - 110×160mm,  
standard - 220×160mm,  
large - 220×205mm

# OLM Clothes

The Clothes are modifications of OLM Healing Blanket and can be used as local treatment and prophylaxis of various diseases. The clothes are for individual use only.

The OLM Clothes are available in S, M, L, XL and XXL sizes.

## OLM Bootlegs

for local use when treating hip, knee and ankle-joint areas

## OLM Boots

for local use when treating foot and ankle-joint areas

## OLM Knee-caps

for local use when treating knee-joint area

## OLM Bandage Blanket

long bandage blanket (2m) - can wrap different body parts

## OLM Shorts

for local use when treating hip joints, abdominal cavity, pelvis, rectum, buttocks and urinary tract

## OLM Belt

for local use when treating lumbosacral, coccygeal nerve, and stomach areas

## OLM Pereline

for local use when treating neck, shoulder and chest

## OLM Mittens

for local use when treating hands and wrist joints

## OLM Waiscoat

for local use when treating chest, stomach and lumbosacral spine areas

## OLM Oversleeves

for local use when treating forearms, elbow and wrist joints areas

## OLM Cap

for local use when treating face and neck areas
